The Client also declares that, in order to keep track of any changes to the GCC, it will consult the provisions of the GCC at the above access point before placing any further orders.

The Service Provider shall ensure that the Client is made familiar with the GCC by providing a reference to them in a separate information and/or in its offer and/or other forms.

M-RTL is entitled, subject to the notification of the other party in advance, to transfer fully or partially its rights and obligations arising from the contracts regarding the Sale of Advertising, or the rights and obligations specified therein or arising therefrom and relating thereto with unchanged conditions to a third party within the group, in which case it is the third party within the group that orders the Campaign from the Media Provider, and it sells such Campaign to third parties on its own behalf, but in unchanged form. By accepting these GCC, Clients irrevocable grant their explicit consent to the full or partial transfer of contracts regarding the Sale of Advertising and waive their right to withdraw such statement.

M-RTL is entitled, subject to the notification of the other party in advance, to assign fully or partially its claims specified in the contract regarding the Sale of Advertising or those arising therefrom and relating thereto within the company group.

Client gives its explicit consent to the takeover of the obligations of M-RTL specified in the contract regarding the Sale of Advertising or those arising therefrom and relating thereto by a third party.

If M-RTL notifies the Clients about this, also the third party within the group will be entitled to carry out Sale of Advertising on the Channels under the scheme set forth above.

If the authorisation of the third party within the group to carry out Sale of Advertising is terminated, the contracts not yet performed by the third party within the group shall be transferred to M-RTL pursuant to the above provisions. This scope of the amendment may not affect the prices specified in the individual contracts on the provision of ordered and confirmed services, otherwise, it also applies to the orders already confirmed from its date of entry into force. If the amendment contains provisions that are substantially detrimental to the Client, the Client may cancel the order without paying penalties within 5 business days of the written notice on the price change. After such date the Client shall pay penalties for Cancellation of orders pursuant to Chapter VII. The cancellation must be justified and contain the provisions of the amendment that contain provisions substantially detrimental to the Client and the reasonable and substantiated explanation as to why the given provisions are detrimental to the Client.

It does not constitute an amendment to the GCC if the Service Provider corrects a fact or a typo, makes a clarification that does not affect the substance of the contract and/or amends the GCC because of a necessary review under applicable legislation that is valid and enforceable by operation of law without amending the GCC. Changes resulting from legislation that do not allow for derogation shall apply regardless of the date of amendment of the GCC. The above deadline does not impose any obligation to provide information on the corrected GCC as referred to herein, or on the amended or supplemented GCC required by a change in legislation and/or an official act. The Client expressly acknowledges and accepts the above.

1. The Service Provider will not examine the delivered material (film, sponsorship message, creative material, prize offering, any publication, etc.) handed over for broadcasting purposes in respect of the compliance thereof with the laws and advertising ethics, and any loss, fine, civil claim, cost (including legal costs) and expenses arising from such non-examination shall be the responsibility of the Client, the liability of the Service Provider in this respect shall be excluded. By accepting the present GCC, the Client expressly undertakes to pay any and all fines imposed on the Service Provider or the Media Providers (like the fines imposed by NMHH, the consumer protection authority or other—Hungarian or foreign—proceeding bodies, authorities), any and all procedural fees and any and all claims for damages/compensation and civil law claims, and the related costs (including legal fees) and expenses, arising from the violation of the respective laws and regulations, in particular the copyright law, advertising and media law, competition law, consumer protection law or civil law by the materials (film, sponsorship message, creative material, prize offering, any publication, etc.) delivered by the Client, and to defend against such claims as provided for herein. Should any claim arise under the provisions of this clause, Service Provider shall notify the Client of the claim and—where it is possible—the Service Provider may, at its own discretion, forward the submitter of the claim—by providing information on Client's direct liability—directly to the Client. In such cases, the Client shall satisfy the claim directly at its own cost, and, due to direct liability, the third party submitting the claim may contact, or sue, the Client directly and Client shall, without delay, modify, satisfy, defend against such claims, or act otherwise in respect of such claims. If the Client receives a notification with such content and fails to take action in the case, or if the Service Provider or the Media Providers—or a third person designated by them—defend against such claims at their own discretion, then Service Provider or the Media Providers may act on their own behalf and modify, satisfy or defend against such claims, or otherwise take action in respect of the claim, and the Service Provider, at its own discretion, may deduct any costs incurred in respect of such claims from the amounts it may owe to the Client or invoice the costs it incurred to the Client, in which case the Client shall, by the due date specified in Service Provider's notice for the same, reimburse this amount to the Service Provider. On the basis of this Clause, the only case when the Client is not liable for the fine imposed on the Service Provider or the Media Providers in connection with the material delivered by the Client is when the fine is imposed by the NMHH or another authority for exceeding the Advertisement Time, provided that the Advertising Time was exceeded for a reason other than due to the Client delivering a film which is actually longer than what has been specified in the order.

Taking into account the fact that the Channels sold by the Service Provider may belong to various jurisdictions, the Client undertakes and warrants to fully comply with the provisions of the laws and regulations, in particular with copyright law, advertising and media law, competition law, consumer

protection law as well as civil and penal laws under the jurisdiction applicable to the Channel, or under any other relevant jurisdiction, with regard to the delivery materials (film, sponsorship message, creative material, prize offering, any publication, etc.) delivered by the Clients for broadcasting, in addition to the undertakings set out above. Information concerning the jurisdiction of foreign channels is contained in Annex no. 3 of the present GCC.

The Client acknowledges that the Service Provider shall publish the material delivered for the purpose of broadcasting only if the Client assumes full liability for it.

Client acknowledges that the Media Providers may submit their claims for damages, fines and other civil claims and the related costs (including legal costs) and expenses relating to the delivery materials directly to the Client, and they may demand the Client to assume and defend any claims for damages, fines and other civil claims and the related costs (including legal costs) and expenses.

2. The Client warrants that the product appearing in the advertisement and sponsorship film or within the framework of a Prize Offering or a Product Placement has the certificates of quality or a certificate of conformity necessary for the distribution, and it shall issue a declaration simultaneously with the order, but no later than submission, uploading of the broadcasting materials, or if the product is not subject to the obligation of preliminary quality or compliance control as specified by separate statutory regulation, it shall issue declaration thereon by the above deadline, otherwise the Service Provider may deny broadcasting and it has the right to invoice a penalty in an amount equalling the fee of the ordered commercial communication. The Client shall further warrant that the product/service does not violate any provision concerning the prohibition or restriction of advertisement under the Media Law, Advertising Law or any other relevant law in force.
3. In the case of all publications, including but not limited to commercial films, Public Purpose Advertisements, sponsorship films, virtual advertisements etc., the Client shall ensure that its content and implementation is in compliance with the applicable laws in force.
4. The Client shall indemnify (including without limitation damages, fines, procedural fees and legal costs) the Service Provider and/or the Media Provider of the given Channel directly and without delay if the delivered and broadcast material infringes any regulations (applicable under either Hungarian or foreign jurisdiction), in particular, but not exclusively, the provisions of copyright law, consumer protection law, advertising and media law, any norms of press and advertising ethics or moral rights, provided that such infringement becomes a basis of a claim, enforced under a lawsuit or public administrative proceeding or any other way, against the Service Provider and/or the Media Provider.

XI. MISCELLANEOUS OTHER PROVISIONS

1. The Service Provider carries out campaign planning (planning the film list, preparation of a television media plan, amendment of the Campaign plan, monitoring, follow-up evaluation of the Campaign) for a fee of 5% of the net budget of the Campaign.
2. Unless the Service Provider or the general contractual terms applicable to the online services of the Service Provider require otherwise, the provisions of the present GCC shall be applicable to the advertisements placed on the Website and the teletext service operated by Service Provider.
3. The parties shall use their best efforts to settle disputes arising from the cooperation in an amicable way. Parties lay down that the Hungarian law shall be applicable to their contractual relationship. For any potential legal dispute, Parties stipulate the jurisdiction of the Hungarian courts.
4. The present GCC has been made in Hungarian and English language versions. In case of any discrepancy, the Hungarian language version shall prevail.
5. If the Service Provider fails to exercise any of its rights set forth herein, such failure will not be considered as a waiver by the Service Provider of exercising such right. The rights of the Service Provider specified above are not exclusive, they may be applied together, their application does not exclude the exercise of other rights available to the Service Provider in accordance with the law or another contract.
6. The scope of the present GCC covers the advertising sales activity for the year 2024 and subsequent years.
